Tony Clarabut
CDF Unit Chief/Nevada County Fire Marshal

Re: Federation of Neighborhood Associations (FONA)

Dear Tony,

At our last meeting of FONA, the question was asked if FONA had endorsed the County Fire Plan? The inclusion of our rankings of your goals as published in the proposed County Fire Plan, would lead the reader to think that FONA has endorsed the plan.

We are concerned about that perception. We participated in the exercise ranking the various goals, early in the process and did not consider that action to be a statement of endorsement.

The Federation has not taken a position on the County Fire Plan and wants to go on record that we have not taken a stand.

At this point, we leave it to the individual members of our member organizations to decide for themselves as residents of Nevada County whether or not to endorse it.

Please take care not to imply that FONA has endorsed the County Fire Plan.

Sincerely,

Federation of Neighborhood Associations

Olivia Diaz
President
